

REPLIT PROMPT — Yacht Proposal: Variables Only

⚠ CRITICAL INSTRUCTION

The attached file `yacht_proposal_minimal.html` is the FINAL approved design. DO NOT modify any CSS. DO NOT change any HTML structure. DO NOT redesign, improve or reformat anything. YOUR ONLY TASK: replace hardcoded text values with JavaScript template literals. The PDF output must look PIXEL-IDENTICAL to the attached file.

WHAT TO BUILD

One function `buildProposalHTML(yacht, equipment, settings)` that:

1. Takes the HTML from `yacht_proposal_minimal.html` exactly as-is
 2. Replaces hardcoded values with dynamic data
 3. Returns the complete HTML string
-

DATA OBJECTS

```
// yacht — from Supabase yachts table
yacht = {
  name: "Little ZEVS",
  builder: "Manda Yachts",
  model: "S05",
  yacht_type: "Motor Yacht",
  year_built: 2024,
  length_m: 15.0,
  beam_m: 4.85,
  draft_m: 1.20,
  hull_material: "GRP",
  engine_count: 2,
  engine_maker: "Volvo",
  engine_model: "IPS",
  total_hp: 740,
  engine_hours_current: 820,
  max_speed: 36,
```

```

    cruise_speed:      28,
    range_nm:          250,
    fuel_capacity_l:    1400,
    flag:              "Malta",
    home_port:          "Antibes",
    vat_status:         "Tax paid (EU)",
    guest_cabins:       2,
    crew_cabins:        1,
    berths:             4,
    heads:              2,
    photo_urls:         ["url1", "url2", "url3", "url4"],
    cover_photo_url:    "url1",
}

```

```

// equipment - from Supabase yacht_equipment table
// Array of rows: { category, equipment_type, brand, model, quantity, power_kw, c
equipment = [
  { category: "navigation", equipment_type: "starlink", brand: "Starlink", quanti
  { category: "power_electrical", equipment_type: "generator", brand: null, model
  ...
]

```

```

// settings - from ProposalSettingsScreen form
settings = {
  proposalType:        "both",          // "sale" | "charter" | "both"
  askingPrice:          1000000,
  priceOnApplication:   false,
  charterRateHigh:      8500,
  charterRateLow:       5500,
  charterOnApplication: false,
  apaPercent:           30,
  charterArea:          "Mediterranean",
  mybaContract:         true,
  delivery:             "Immediate",
  seaTrial:             "On request, Antibes",
  brokerName:           "Andrei Sevcenco",
  brokerageName:        "AA Yachts · Antibes, France",
  email:                "contact@aayachts.fr",
  phone:                "+33 6 24 37 08 27",
  website:              "aayachts.fr",
  notes:                "Little ZEVS has been professionally maintained...",
  language:             "en",
  confidential:         true,
}

```

REPLACEMENT MAP

Replace every hardcoded value in the HTML with these expressions:

Cover page:

"VESSEL PROPOSAL · FOR SALE"	→ `VESSEL PROPOSAL · \${typeLabel}`
"MAY 2026"	→ `\${monthYear}`
"Little ZEVS" (yacht name)	→ `\${yacht.name}`
"Manda Yachts" (builder)	→ `\${yacht.builder    ''}`
"2024" (year)	→ `\${yacht.year_built    ''}`
"15.0 m" (length)	→ `\${yacht.length_m ? yacht.length_m + ' m' : ''}`
"Malta" (flag)	→ `\${yacht.flag    ''}`
"Antibes" (base)	→ `\${yacht.home_port    ''}`
"€ 1,000,000" (price)	→ `\${coverPrice}`
cover photo src	→ `\${yacht.cover_photo_url    ''}`

Page 2 — Specifications:

Each spec row: only render if value exists and is not 0

"Manda Yachts"	→ \${yacht.builder}
"S05"	→ \${yacht.model}
"2024"	→ \${yacht.year_built}
"Motor Yacht"	→ \${yacht.yacht_type}
"15.00 m"	→ \${yacht.length_m ? yacht.length_m.toFixed(2) + ' m' : null}
"4.85 m"	→ \${yacht.beam_m ? yacht.beam_m + ' m' : null}
"1.20 m"	→ \${yacht.draft_m ? yacht.draft_m + ' m' : null}
"GRP"	→ \${yacht.hull_material}
"Planing"	→ \${yacht.hull_type}
"2 × Volvo IPS"	→ \${engineStr}
"2 × 370 HP"	→ \${yacht.total_hp ? yacht.total_hp + ' HP' : null}
"820 hrs"	→ \${yacht.engine_hours_current ? yacht.engine_hours_current + ' hrs' : null}
"36 knots"	→ \${yacht.max_speed ? yacht.max_speed + ' knots' : null}
"28 knots"	→ \${yacht.cruise_speed ? yacht.cruise_speed + ' knots' : null}
"250 nm"	→ \${yacht.range_nm ? yacht.range_nm + ' nm' : null}
"1,400 L"	→ \${yacht.fuel_capacity_l ? yacht.fuel_capacity_l.toLocaleString() : null}
"Malta"	→ \${yacht.flag}
"Tax paid (EU)"	→ \${yacht.vat_status}

Page 2 — Accommodation:

Cabin cards: render each cabin type only if guest_cabins / crew_cabins > 0

"4 guests · 2 cabins · 2 heads · 1 crew" → built from yacht fields

Page 2 — Equipment:

Equipment section: render from equipment array

Group by category field

Format each item label:

```
${item.quantity > 1 ? item.quantity + ' × ' : ''}  
${item.brand || ''} ${item.model || ''}  
${item.equipment_type.replace(/_/g, ' ')}  
${item.power_kw ? '(' + item.power_kw + ' kW)' : ''}  
${item.capacity_liters ? '(' + item.capacity_liters + ' L/hr)' : ''}
```

Notable items (bold, gold dash):

generator, stabilizer, starlink, watermaker, tender, jetski, gyro_stabilizer

If equipment array is empty: skip equipment section entirely

Page 3 — Photos:

Photo layout — exactly 4 photos in 2x2 grid (all same size):

Top row: photo_urls[0] and photo_urls[1]

Bottom row: photo_urls[2] and photo_urls[3]

If fewer than 4 photos: repeat last photo to fill grid

If no photos: skip photo page entirely

Page 4 — Pricing:

Show FOR SALE section only if proposalType === 'sale' || 'both'

Show FOR CHARTER section only if proposalType === 'charter' || 'both'

"€ 1,000,000"	→ \${fmt(settings.askingPrice)} OR "Price on application"
"Tax paid (EU)"	→ \${yacht.vat_status}
"Immediate"	→ \${settings.delivery}
"On request, Antibes"	→ \${settings.seaTrial}
"€ 8,500 / week"	→ \${fmt(settings.charterRateHigh)} / week
"€ 5,500 / week"	→ \${fmt(settings.charterRateLow)} / week
"30% of base rate"	→ \${settings.apaPercent}% of base rate
"Mediterranean"	→ \${settings.charterArea}
"MYBA standard"	→ show only if settings.mybaContract === true

Notes: show only if settings.notes is non-empty

Contact box: show only if brokerName or email exists

"Andrei Sevcenco" → \${settings.brokerName}

"AA Yachts · Antibes, France" → \${settings.brokerageName}

"contact@aayachts.fr" → \${settings.email}

```
"+33 6 24 37 08 27" → ${settings.phone}
"aayachts.fr"       → ${settings.website}
```

HELPER FUNCTIONS

```
// Format currency
function fmt(n) {
  if (!n) return 'Price on application';
  return '€\u2009' + Number(n).toLocaleString('en-GB', { maximumFractionDigits: 0 })
}

// Month + year for cover
function getMonthYear() {
  return new Date().toLocaleDateString('en-GB', { month: 'long', year: 'numeric' })
}

// Cover price line
function getCoverPrice(settings, yacht) {
  if (settings.proposalType === 'charter') {
    return settings.charterOnApplication
      ? 'Price on application'
      : fmt(settings.charterRateHigh) + ' / week';
  }
  return settings.priceOnApplication
    ? 'Price on application'
    : fmt(settings.askingPrice);
}

// Proposal type label
function getTypeLabel(settings) {
  if (settings.proposalType === 'sale') return 'For Sale';
  if (settings.proposalType === 'charter') return 'For Charter';
  return 'For Sale & Charter';
}

// Engine string
function getEngineStr(yacht) {
  if (!yacht.engine_maker) return null;
  const count = yacht.engine_count ? yacht.engine_count + ' × ' : '';
  const model = yacht.engine_model ? ' ' + yacht.engine_model : '';
  return count + yacht.engine_maker + model;
}

// Skip row if null/0/empty
```

```

function row(label, value) {
  if (!value && value !== 0) return '';
  if (value === 0) return '';
  return `<div class="spec-row">
    <span class="spec-label">${label}</span>
    <span class="spec-value">${value}</span>
  </div>`;
}

// Equipment label
function equipLabel(item) {
  let s = '';
  if (item.quantity > 1) s += item.quantity + ' × ';
  if (item.brand) s += item.brand + ' ';
  if (item.model) s += item.model + ' ';
  s += item.equipment_type.replace(/_/g, ' ');
  if (item.power_kw) s += ' (' + item.power_kw + ' kW)';
  if (item.capacity_liters) s += ' (' + item.capacity_liters + ' L/hr)';
  if (item.hours) s += ' - ' + item.hours + ' hrs';
  return s.trim();
}

const NOTABLE = ['generator', 'stabilizer', 'starlink', 'watermaker',
  'tender', 'jetski', 'gyro', 'vsat', 'air_conditioning_central'];

function isNotable(type) {
  return NOTABLE.some(n => type.includes(n));
}

```

PDF GENERATION (unchanged from current)

```

import * as Print from 'expo-print';
import * as Sharing from 'expo-sharing';

export async function generateProposalPDF(yacht, equipment, settings) {
  const html = buildProposalHTML(yacht, equipment, settings);

  const { uri } = await Print.printToFileAsync({
    html,
    base64: false,
    width: 595,
    height: 842,
  });
}

```

```
    await Sharing.shareAsync(uri, {
      mimeType: 'application/pdf',
      dialogTitle: `${yacht.name} – Vessel Proposal`,
      UTI: 'com.adobe.pdf',
    });
  }
}
```

DATA FETCHING (before calling buildProposalHTML)

```
// Fetch yacht
const { data: yacht } = await supabase
  .from('yachts')
  .select('*')
  .eq('id', yachtId)
  .single();

// Fetch equipment
const { data: equipment } = await supabase
  .from('yacht_equipment')
  .select('*')
  .eq('yacht_id', yachtId);

// settings comes from ProposalSettingsScreen form state
```

CONDITIONAL PAGE RULES

Cover page:	ALWAYS shown
Page 2:	ALWAYS shown (specs + accommodation + equipment if exists)
Photo page:	ONLY if yacht.photo_urls.length >= 1
Pricing page:	ALWAYS shown

FINAL REMINDER

The CSS in `yacht_proposal_minimal.html` is final and approved. Do not change font sizes, colors, spacing, margins or any visual property. Only replace text content with dynamic values. Test by generating a PDF and comparing visually to the attached PDF sample.

yacht_proposal_minimal.html — attach this file alongside this prompt The generated PDF must match the attached 2026-05-28_Yacht_proposal_minimal.pdf exactly
